

# CIRAD in Thailand

RESEARCH • TRAINING • INNOVATION • PUBLIC POLICY SUPPORT

• AGROECOLOGICAL TRANSITIONS • ONE HEALTH •

• TERRITORY-BASED APPROACHES • CLIMATE CHANGE •

• BIODIVERSITY • FOOD SYSTEMS •

## HEVEA RESEARCH PLATFORM IN PARTNERSHIP

How do small rubber growers adapt to global challenges to ensure the sustainability of their production and improve their living conditions?

• Kasetsart University (KU) ★

- Prince of Songkla University (PSU), Hat Yai campus
- Chachoengsao Rubber Research Center, Rubber Authority of Thailand (RAoT)

- VARA : Thailand
- FuFA (Agropolis foundation) : Thailand, Cambodia
- FORSEA (AFD) : Thailand, Cambodia, Vietnam
- TALENT (AFD) : Thailand, Vietnam, Malaysia, Indonesia

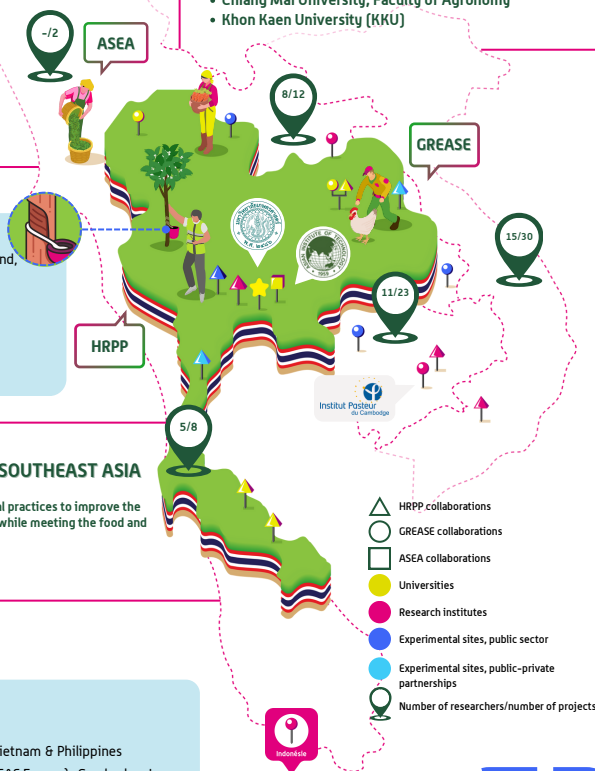

## EMERGING DISEASES IN SOUTHEAST ASIA

How can we anticipate and manage the health risks that emerge at the interface between animals, humans and their environment?

• Kasetsart University (KU) ★

- Chiang Mai University, Faculty of Agronomy
- Khon Kaen University (KKU)

## ASEA AGROECOLOGY FOR SOUTHEAST ASIA

How to promote and implement agroecological practices to improve the sustainability of agriculture in Southeast Asia while meeting the food and environmental needs of the region?

• Kasetsart University (KU) ★

- BCOMING (EU) : Cambodia
- PRACT (AFD) : Cambodia, Vietnam & Philippines
- FSPI One Health & media (MEAE France) : Cambodia, Laos, Vietnam, Philippines
- Antibioresistance & One Health (ANR, GCRF, EU) : Vietnam
- Wildlife & One Health (SWM-2 by EU with FAO, CIRAD, CIFOR, WCS) : Vietnam and Laos in pilot phase
- Health & Territories (EU and AFD) : Cambodia and Laos
- SEA-DOG-SEA (EU) : Thailand, Cambodia, Indonesia
- FSPI BIG (MEAE) : Laos, Cambodia, Vietnam, Philippines
- BioFluARN (CEVA) : Vietnam
- LiveHealth (ACIAR/IDRC) : Laos, Indonesia, Philippines

- Master InterRisk (One Health) set up by CIRAD in Thailand with Thai (KU) and French (Toulouse) universities
- Trained 44 students (SE Asia, Europe and Africa) between 2016 and 2021
- In thesis or hired by international organizations
- Relaunch in progress of this Master, which suffered from the COVID-19 crisis, still with KU and Vietnamese universities

WORKING TOGETHER FOR  
TOMORROW'S AGRICULTURE
